YOUR NAME \_\_\_\_\_

## *References for Custody and Parenting Time Evaluation*

During this evaluation, I will make every effort to address your concerns and will do the best job possible to help your family come to a decision. Please understand that this is not a confidential process and I talk with all parties about the information received. As much information as possible is gathered to find out what will work best for your child(ren). At the end of our time, a recommendation is made and a report is written.

The list of personal references you provide should be no more than three names. Please include people who have seen you and your child(ren) together and know you as a parent. If there are people who know both you and the other parent, they may have valuable insight and you should consider including their names. I most frequently talk with grandparents, aunts, uncles, neighbors, co-workers, and family friends. You are not limited to whom you choose for personal references.

Additionally, I always talk with your child's(ren's) school teacher and/or daycare provider when he/she is available. Please list his/her name, phone number, and email address as indicated below.

\*\*The most important part of the parenting time evaluation is our face-to-face meetings. Please remember that contacting references is only a small part of the process.

<b>Name</b>	<b>Relationship to Your Child(ren)</b>	<b>Phone Number</b>
1) _____	_____	_____
2) _____	_____	_____
3) _____	_____	_____

**Teacher and/or Daycare Provider - Phone Number and Email Address**
